

## Module 7: Social Network Security.

Revealing too much information about yourself is dangerous in the digital world.

→ Keep ~~Brothdate~~ Hidden

- Hackers can commit ID Fraud. or other forms of Identity theft

- They can piece together an identity with just one field

- Have Private Profile in Social Media

Don't link Accounts.

## Social Media Security

- 1.) Think Before you Post
- 2.) Use Strong, Diverse Passwords
- 3.) Use Private Settings
- 4.) Be Image conscious.
